Cost Basis Election Method

We will use the default disposition method of First In First Out (FIFO) in reporting cost basis for sales of all securities, except for mutual funds transferred directly from American Century Investments with average cost disposition. Bonds contain a provision that allows investors to amortize the premium or accrue the discount using different methods. We will amortize taxable bond premiums and apply the Market Discount Accrual Method using the Constant Yield as a default, unless otherwise notified. Additional information regarding cost basis for bonds can be found at americancentury.com (search “cost basis reporting”). You may make an alternative election by forwarding a signed request to American Century Investments. Please consult a tax advisor for any questions regarding your specific tax situation.
